

INSTRUCTIONS

GERMINATE JACK'S MAGIC BEANS IN A BAG

SUPPLIES

- Beans
- Paper towel
- Zip-top sandwich bag
- Tape

PROCEDURE

1. Optional: You may soak your beans several hours or overnight before placing them in the bag to help them sprout faster.
2. Fold your paper towel so that it will fit in the bag.
3. Dampen your paper towel and place it in the bag.
4. Place your seeds in the bag, pressing them all on one side of the paper towel.
5. Close and seal the bag.
6. Use tape to hang the bag in a window. Hang it with the seeds facing inside the house so you can watch them grow.
7. Observe your seeds over the next several days as they begin to grow!
